

ITaP 1 Routines

Academic Reading Summary Sheet

Use the following sheet to prompt reflections about how you might apply what you have read to your context.

Who is/are the author(s)?	
Why is establishing routines imperative to ensure school students can make progress?	
What is the author's context? How does this inform how they introduce routines in their lessons?	
When was it published?	
What might we need to consider since publication?	
How do you respond to this article/chapter? Do you agree with all of it or some of it or none of it? Why?	
How would you summarise the author's arguments and the article in one paragraph?
